The Ultimate
Driving Experience.®

M PERFORMANCE PARTS FOR BMW MODELS.

powered by 

THE NEXT
100 YEARS 

EVERY BMW CARRIES THE MOTORSPORT GENE.

High performance has been a central part of the BMW brand right from the start. So has sporting competition, a compelling force behind the continuous optimization of performance and driving dynamics – the essential elements that create The Ultimate Driving Experience® that has distinguished every BMW to this day.

For many BMW drivers, the desire to enhance their vehicles takes them above and beyond the usual special equipment options. This is why we have developed BMW M Performance Parts in close collaboration with BMW M GmbH.

They allow you, as a BMW M Performance customer, to stake your own claim in recent racing success – the DTM, for example.

Each component is the result of decades of motorsport experience and goes through an intense development and manufacturing process. The outcome is maximum sportiness without compromise. A perfect match to each BMW model, visually and technically, is of particular importance to us. BMW M Performance offers the ultimate in material quality and functionality, increasing the value of your BMW along with its individual motorsport character.

The models illustrated may, in part, include optional equipment and accessories not fitted as standard. Not all product versions shown. Subject to change in design, equipment specifications and content. ©2016 BMW Canada Inc. "BMW", the BMW logo, BMW model designations and all other BMW related marks, images and symbols are the exclusive property and/or trademarks of BMW AG, used under licence.

Your BMW Service Partner will be happy to advise.

1929 The history of BMW motorsport begins with a victory for the BMW 3/15 at the prestigious Alpine Rally.

1936 Debut of the BMW 328, the motorsport version of the 326, at the Eifel Race with Ernst Jakob Henne – and an immediate win.

1940 Double victory for the Berlinetta Touring version of the BMW 328 at the Mille Miglia.

1954 The prestigious BMW 501 saloon takes third place at the Monte Carlo Rally.

1960/1961 Hans Stuck takes the German Hillclimb title, aged 60, in the BMW 700. Walter Schneider repeats the success in 1961 in the BMW 700 RS with its tubular frame and aluminum body.

1964 Hubert Hahne dominates the German Circuit Championship in the BMW 1800Ti, winning 14 out of 16 races.

1966 Hubert Hahne becomes the first driver to lap the Nürburgring Nordschleife in under 10 minutes in the BMW 2000Ti.

1968/69 The BMW 2002, for the first time with a turbocharger. Dieter Quester becomes European Touring Car champion two years running.

BMW stands for The Ultimate Driving Experience®. But best of all, it stands for your own individual form of driving experience. Discover a world of diversity at bmw.ca/next100.

28	BMW Model Overview

THE PERFORMANCE RISES, NOT THE PULSE.

When it comes to improving a BMW – already impressively sporty, straight from the factory – expert focus on all aspects of driving dynamics is far more important than outright engine power.

BMW M Performance lets you individually configure a perfectly balanced package that pays off in measurably better lap times – without compromising on safety. Handling becomes even more controllable and ambitious drivers are able to retain control of their vehicles at the performance limits.

LEADERSHIP FROM THE DRIVER'S PERSPECTIVE.

**Truly dynamic driving is a sensory experience
beyond any measurable value.**

BMW M Performance Parts are specially designed to underscore the unique look and feel of BMW M in every situation. That way, the motorsport-developed materials, forms, colours and sounds convey what matters most to the true driving enthusiast – a top-flight, racetrack-style driving experience.

All BMW M Performance Parts fit perfectly with the BMW models listed in this brochure.

MORE MOTORSPORT FOR ALL.

1 Carbon Wing Mirror Caps.

Meticulously hand-crafted in 100% carbon: the carbon mirror caps highlight the technologically advanced character of the vehicle. Their dynamic design ensures a particularly high-quality look and creates an individual, sporty accent.

2 Pedal Covers/Footrest in Stainless Steel.

With their high-quality stainless steel surfaces and asymmetrical profiles, the footrest and pedal covers give dynamic, high-tech character to the footwell. Their design also prevents feet from slipping.

3 Key Case.

An impressive combination of carbon and Alcantara. The key is securely connected to the case by means of a hexagon socket screw in BMW M Blue. Timeless elegance, technical sophistication – and a small but convincing motorsport statement.

4 Track Fix for GoPro™ Cameras.

Provides a safe and stable mounting base for a GoPro™ camera, allowing you to take video recordings outside your vehicle. Whether you want to capture the excitement of the racetrack, or simply record your journey, the M Performance Track Fix for GoPro™ ensures professional video quality every time.

5 Suspension (lowered by up to 20 mm).

A ground-hugging stance means even greater dynamic presence – and all M Performance exterior parts look even more effective when a vehicle is equipped with a Sport suspension. But it's not just about amazing visuals, this set up also ensures better stability and better cornering dynamics, providing you with The Ultimate Driving Experience®.

*Does not include smartphone or holder. Available for iOS and Android devices.

6 Drive Analyzer.*

An innovative recording and analysis tool, which allows you to capture and evaluate a range of driving dynamics data, such as braking distance measurements and distance race statistics. Results can be displayed and analyzed on your smartphone in the form of videos or graphical representations. Comprised of a smartphone application and an On-Board Diagnostics stick that plugs into your vehicle.

7 Black Front Grille.

A striking expression of sporting elegance to give your BMW that extra edge. Made from resilient shock-resistant plastic. A simple way to customize your BMW and complement other M Performance aerodynamic parts.

BMW 2 SERIES COUPÉ AND CABRIOLET. DISTILLED SPORTING SPIRIT.

- 1 Centre Console Shift Knob Trim in Alcantara and Carbon, Carbon Shift Knob Trim
- 2 Alcantara Steering Wheel II with carbon trim and race display
- 3 LED Doorsill Finishers
- 4 Accent stripes, 19" Double Spoke 405M, Exhaust System, Aerodynamics Package, Carbon Tailpipe Trim
- 5 Black Front Grille, Carbon Wing Mirror Caps, Aerodynamics Package

19" Double Spoke 405M.

Forged light alloy wheels in Bicolour Orbit Grey, burnished on the visible sides and featuring the BMW M logo.

Exhaust System.*

Sound quality and volume of the acoustics have been improved in order to further accentuate the hallmark character of the BMW in-line six-cylinder engine.

Carbon Tailpipe Trim.

This high-quality tailpipe trim, made from resilient carbon fibre, gives the rear profile of your BMW an even more commanding presence. Finished with the BMW M Performance logo. Four Tailpipe Finishers required.

Aerodynamics Package.

For even better aerodynamic values and fine-tuning to your BMW 2 Series. Comprised of air ducts, splitter and attachments for the front bumper, rear diffuser as well as blades for the side skirts.

Alcantara Steering Wheel II with carbon trim and race display.

With an integrated functional display in the upper part of the wheel featuring the latest OLED technology and two-colour LED displays. Buttons integrated into the thumb rest area can be used to activate Race, Sport or EfficientDynamics mode.

Centre Console Shift Knob Trim in Alcantara and carbon.

With a satisfyingly tactile, high-tech, open-pore carbon structure. The high-quality Alcantara has a particularly pleasant feel.

LED Doorsill Finishers.

Made of high-quality stainless steel. Features illuminated lettering to light your way every time you step into or out of your vehicle. Available for a wide range of BMW models.

Carbon Shift Knob Trim.

Featuring the four-colour BMW M logo, making the motorsport connection clear to see. The carbon has an open-pore finish and a silky matte effect, so its high-tech elements are both visual and tactile.

Accent Stripes in black/silver or black/red.

Positioned immediately beneath the door panels to underscore the sporting elegance of the vehicle.

*Customer will be required to sign a waiver at the time of purchase. Check your local laws before use. Ensuring that all noise/sound, and speed/use related laws are followed is the customer's responsibility.

- 1 Alcantara Steering Wheel II with Carbon Trim, Carbon Interior Trim with Alcantara
- 2 Limited Slip Differential
- 3 Carbon Wing Mirror Caps, Black Front Grille, 20" Double Spoke 405M, Aerodynamics Package
- 4 20" Double Spoke 405M, Aerodynamics Package, Exhaust System, Chrome Tailpipe Trim

BMW 3 SERIES.

UNPARALLELED DYNAMIC POTENTIAL.

Aerodynamics Package.

For even better aerodynamics and fine-tuned to the BMW 3 Series. Comprised of air ducts, splitter and attachments for the front bumper, rear diffuser as well as blades for the side skirts. Only available in conjunction with the BMW M Aerodynamics package.

20" Double Spoke 405M.

Forged light alloy wheels in Bicolour Orbit Grey, burnished on the visible sides and featuring the four-colour BMW M logo. Also available as 18" cold weather wheels in matte black.

Exhaust System.*

This high-performance exhaust system delivers maximum emotionality and sound – for a more intense driving experience. Includes a Bluetooth®-controlled flap system, allowing you to enhance the sound remotely. Four exhaust tips required and sold separately.

Chrome or Carbon Tailpipe Trim.

This high-quality tailpipe trim, available in titanium or carbon fibre, gives the rear profile of your BMW an even more commanding presence. Finished with the BMW M Performance logo. Four Tailpipe Finishers required.

Alcantara Steering Wheel II with Carbon Trim.

This sporty steering wheel is made with Alcantara for exceptional grip, while open-pore carbon trim adds an extra layer of sophistication. Silver-grey cross-stitching, applied by hand, along with a central marker in red leather create even more individual motorsport feel.

Carbon Interior Trim with Alcantara.

A sophisticated combination of open-pore carbon and Alcantara guarantees exclusive motorsport quality in the cockpit. The carbon fibre structure can be felt immediately. With embroidered BMW M Performance lettering.

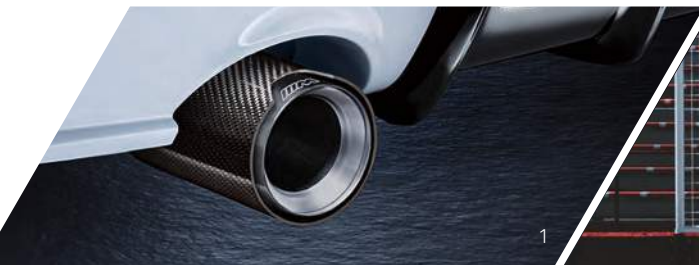

Mechanical Limited Slip Differential.

In the final drive for better wheel grip and more torque, minimizing slippage at the rear axle. The result is optimal traction, more stable cornering and improved dynamic driving characteristics.

*Customer will be required to sign a waiver at the time of purchase. Check your local laws before use. Ensuring that all noise/sound, and speed/use related laws are followed is the customer's responsibility.

BMW 4 SERIES COUPÉ AND CABRIOLET.

AESTHETICS WITH EXTRA POWER.

1

3

Exhaust System.*

Sound quality and volume of the acoustics have been improved in order to further accentuate the hallmark character of the BMW in-line six-cylinder engine.

Chrome or Carbon Tailpipe Trim.

This high-quality tailpipe trim, available in titanium or carbon fibre, gives the rear profile of your BMW an even more commanding presence. Finished with the BMW M Performance logo. Four Tailpipe Finishers required.

18" Brake System.

With inner-vented, lightweight sport brake discs and calipers in BMW M Performance Red, Yellow or Orange. Also with BMW M logo.

Black Side Skirt Transfers.

Perfectly complementing the vehicle design and underscoring its individual, athletic profile. With BMW M Performance lettering.

20" Double Spoke 624M.

Forged and milled light alloy wheels in Bicolour Matte Black and featuring the four-colour BMW M logo.

Aerodynamics Package.

For even better aerodynamics and fine-tuned to the BMW 4 Series. Comprised of air ducts, splitter and attachments for the front bumper, rear diffuser as well as blades for the side skirts. Only available in conjunction with the BMW M Aerodynamics Package.

Accent Stripes in black/silver or black/red.

Positioned immediately beneath the door panel to underscore the sporting elegance of the vehicle.

Alcantara Steering Wheel II with Carbon Trim and Race Display.

With an integrated functional display in the upper part of the wheel featuring the latest OLED technology and two-colour LED displays. Buttons integrated into the thumb rest area can be used to activate Race, Sport or EfficientDynamics mode.

*Customer will be required to sign a waiver at the time of purchase. Check your local laws before use. Ensuring that all noise/sound, and speed/use related laws are followed is the customer's responsibility.

- 1 Chrome Tailpipe Trim, Exhaust System
- 2 Alcantara Steering Wheel II with Carbon Trim and Race Display
- 3 Chrome Tailpipe Trim, Exhaust System, 18" Brake System, Side Skirt Transfers, 20" Double Spoke 624M, Aerodynamics Package, Accent Stripes
- 4 Accent Stripes, Black Front Grille, Carbon Wing Mirror Caps

4

BMW 4 SERIES GRAN COUPÉ.

A STRIKING AND SPORTY COUPÉ – WITH FOUR DOORS.

Active Sound Exhaust System.*

A high-quality sport system now, for the first time. Individual control: Eco Pro and Comfort deliver deep and rich sound for everyday driving, and Sport and Sport+ ensure vigorous sound development and maximum intensity.

Chrome Tailpipe Trim.

The tailpipe trim in high-quality chrome is an unmistakable visual highlight. Accented with the BMW M Performance logo, imparting a look that leaves nothing to be desired. Four Tailpipe Finishers required.

Carbon Rear Spoiler.

Made from lightweight carbon fibre. Designed to work in harmony with the other M Performance Aerodynamics components to optimize the aerodynamic performance of the vehicle.

*Customer will be required to sign a waiver at the time of purchase. Check your local laws before use. Ensuring that all noise/sound, and speed/use related laws are followed is the customer's responsibility.

- 1 Active Sound Exhaust System, Chrome Tailpipe Trim
- 2 Carbon Rear Spoiler, Active Sound Exhaust System, Chrome Tailpipe Trim, 20" Light Alloy Wheels 624M, polished, Carbon Wing Mirror Caps, Accent Stripes in black/silver, Side Skirts, Side Skirt Transfers

Black Side Skirt Transfers.

Perfectly complementing the vehicle design and underscoring its individual, athletic profile. With BMW M Performance lettering.

Exhaust System.*

Sound quality and volume of the acoustics have been improved in order to further accentuate the hallmark character of the BMW in-line six-cylinder engine.

20" V Spoke 464M.

Light alloy wheels in Bicolour Ferric Grey and burnished on the visible sides. Also in Liquid Black.

Front Attachment.

To further highlight the vehicle's sporty design. In 100% hand-crafted carbon. Only available with the BMW M Sport package or the BMW M Aerodynamics Package, as well as the Carbon Rear Spoiler.

Carbon Rear Spoiler.

Made from lightweight carbon fibre. Designed to work in harmony with the other M Performance Aerodynamics components to optimize the aerodynamic performance of the vehicle.

Rear Diffuser.

With an elegantly dynamic design that blends seamlessly with the vehicle. Specially developed for the BMW 5 Series.

Power Kit.

A considerable performance boost from software and hardware components. Maximum torque is dependent on selected gear. Available for BMW 535i.

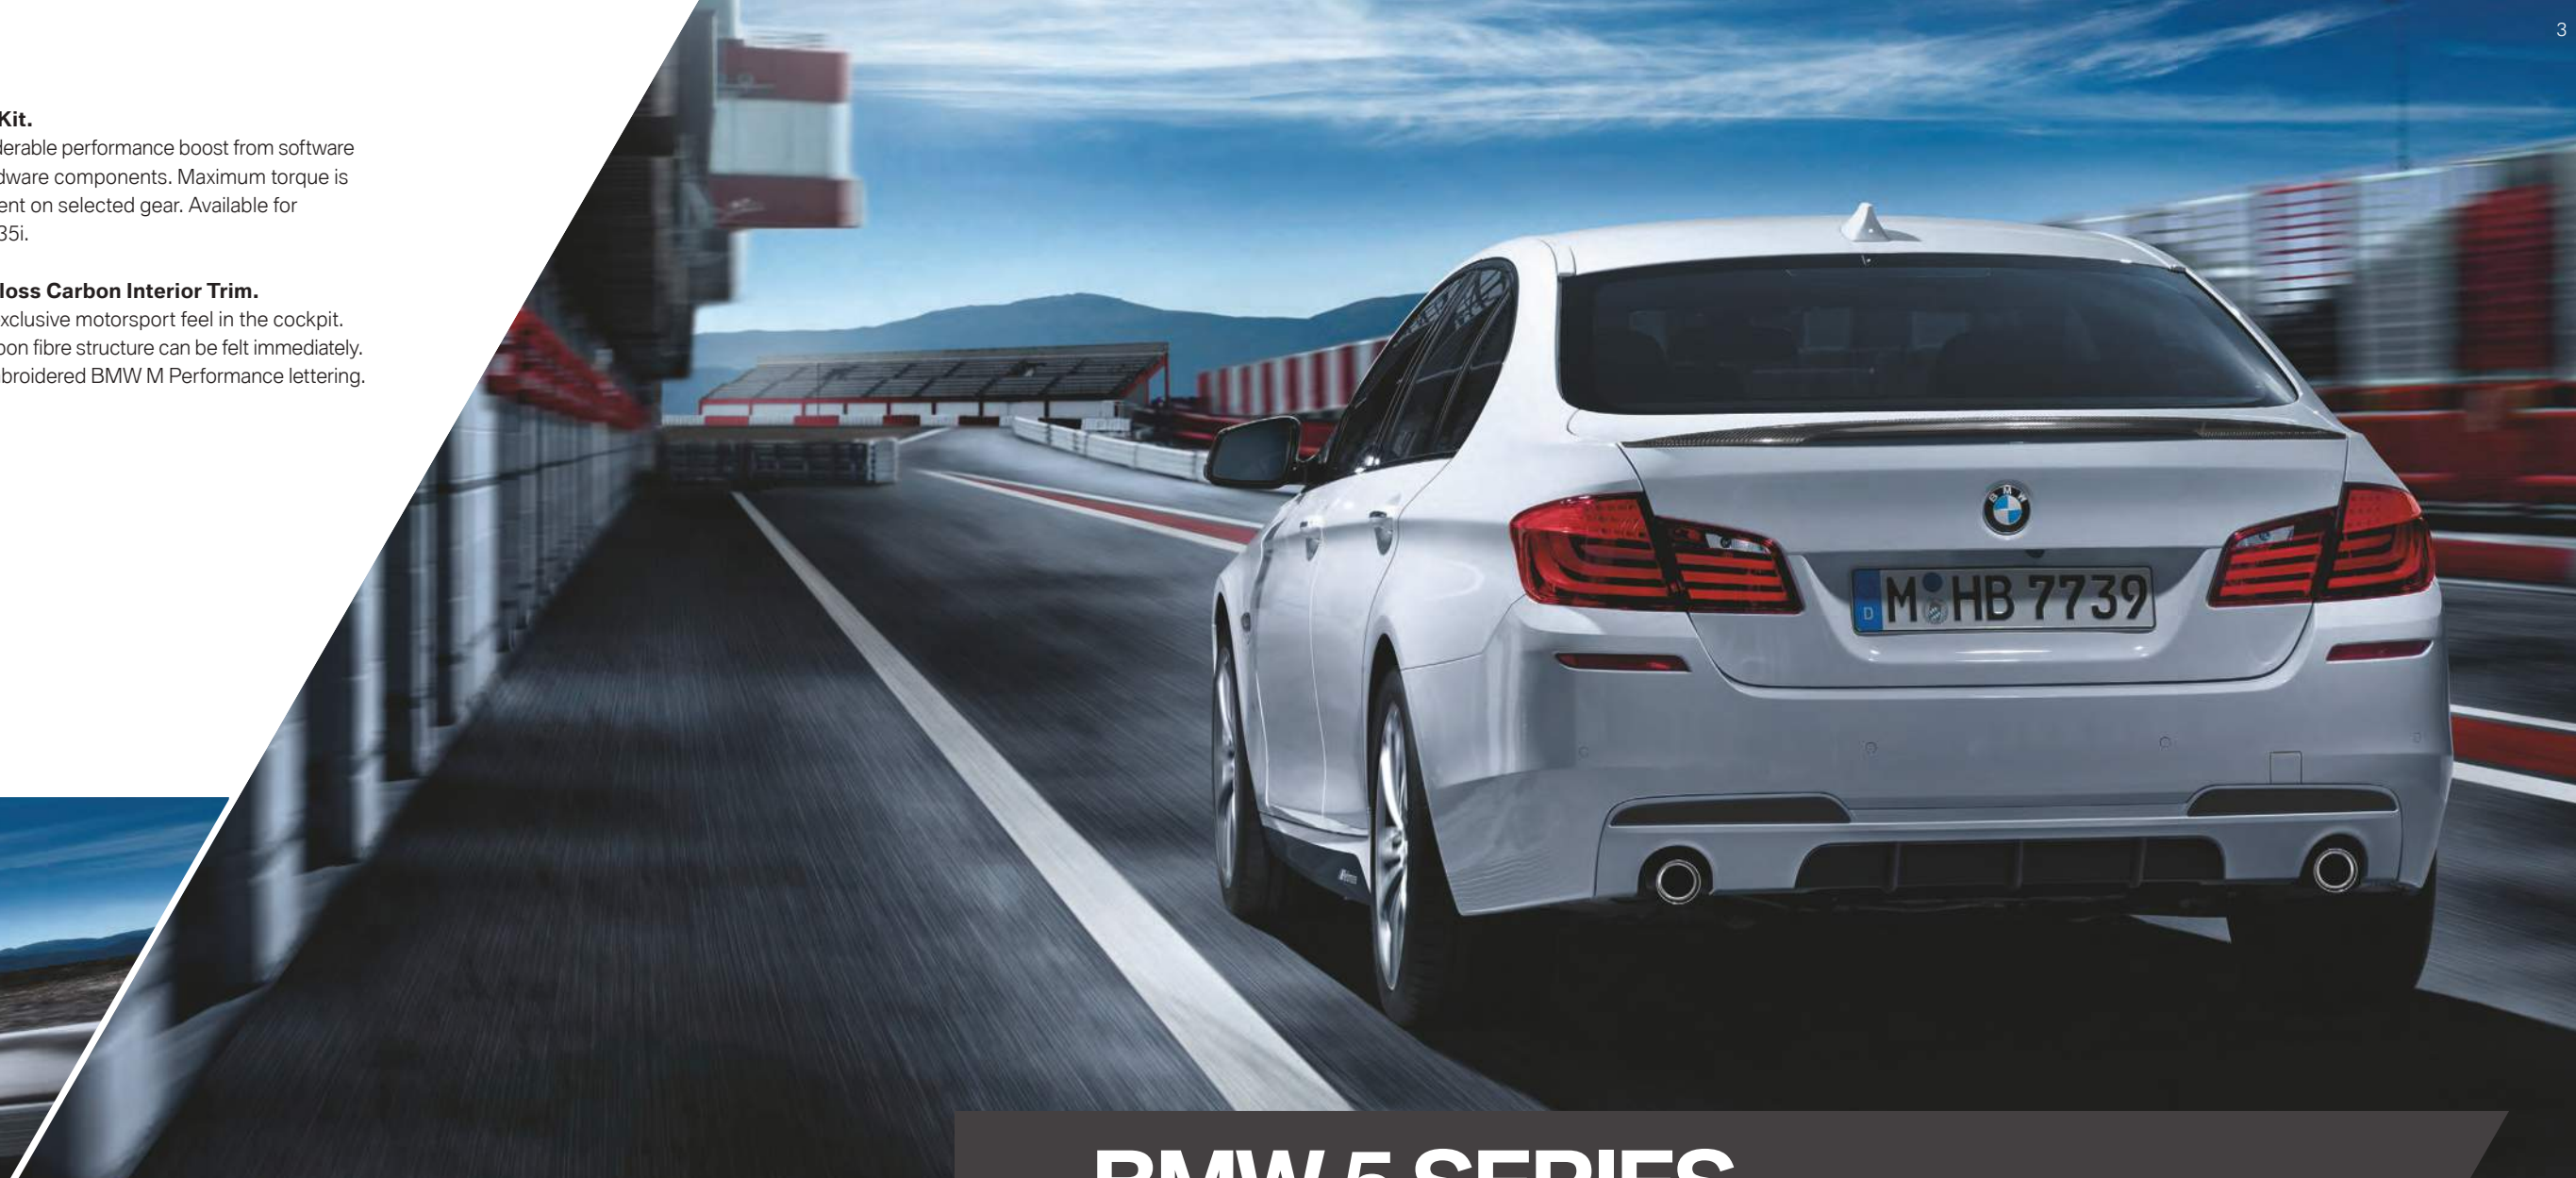

High-gloss Carbon Interior Trim.

For an exclusive motorsport feel in the cockpit. The carbon fibre structure can be felt immediately. With embroidered BMW M Performance lettering.

*Customer will be required to sign a waiver at the time of purchase. Check your local laws before use. Ensuring that all noise/sound, and speed/use related laws are followed is the customer's responsibility.

- 1 Black Front Grille, Side Skirt Transfers, Front Attachment, Carbon Wing Mirror Caps
- 2 Carbon Interior Trim
- 3 Exhaust System, Carbon Rear Spoiler, Rear Diffuser
- 4 20" V Spoke 464M, Liquid Black
- 5 20" V Spoke 464M, Bicolour Ferric Grey
- 6 Power Kit

BMW 5 SERIES.

THE FASTEST ROUTE TO TOP FORM.

BMW 6 SERIES.

NATURAL ELEGANCE, DRAMATIC PERFORMANCE.

20" V Spoke 464M.

Light alloy wheels in Bicolour Ferric Grey and burnished on the visible sides. Also in Liquid Black.

Alcantara Steering Wheel II with Carbon Trim.

Featuring silver-grey cross-stitching applied by hand and with the emphasis on sport thanks to a centring strip in red leather. For vehicles with BMW M Sport Package or BMW M Sport Steering Wheel.

Carbon Shift Knob Trim for Sport Automatic.

A sophisticated and individual touch of motorsport in the cockpit. With BMW M logo.

- 1 Black Front Grille, Carbon Wing Mirror Caps, V Spoke 464M, Bicolour Ferric Grey
- 2 Alcantara Steering Wheel II with Carbon Trim
- 3 Carbon Shift Knob Trim for Sport Automatic
- 4 20" V Spoke 464M, Liquid Black

21" Double Spoke 650M.

Forged light alloy wheels, in Bicolour gloss Black, burnished on the visible sides and featuring the BMW M logo.

Black Side Skirt Transfers.

Perfectly complementing the vehicle design and underscoring its individual, athletic profile. With BMW M Performance lettering.

Rear Spoiler.

This premium-quality PUR RIM spoiler emphasizes the dynamic presence of the vehicle. Optimized aerodynamics also reduces lift.

- 1 Black Front Grille, Carbon Wing Mirror Caps
- 2 Rear Spoiler
- 3 21" Double Spoke 650M, Side Skirt Transfers

BMW 7 SERIES.

LEADING-EDGE LUXURY, DEFINITIVE DYNAMICS.

- 1 Side Skirt Transfers, Carbon Wing Mirror Caps, Black Front Grille
- 2 LED Doorsill Finishers
- 3 Side Skirt Transfers

Black Side Skirt Transfers.

Perfectly complementing the vehicle design and underscoring its individual, athletic profile. With BMW M Performance lettering.

LED Doorsill Finishers.

Made of high-quality stainless steel. Features illuminated lettering to light your way every time you step into or out of your vehicle. Available for a wide range of BMW models.

BMW X1. SPORTING ACTION.

BMW X3. POWER WITHOUT LIMITS.

Alcantara Steering Wheel with Carbon Trim.

Sporty design, superb grip:: this steering wheel is made with high-quality Alcantara for perfect hold and satisfying feel – in hot or cold temperatures. An individual high point: open-pore carbon trim with BMW M Performance lettering.

Carbon Interior Trim.

For an exclusive motorsport feel in the cockpit. The carbon fibre structure can be felt immediately. With embroidered BMW M Performance lettering.

21" Double Spoke 310M.

Weight-optimized light alloy wheels in Bicolour Orbit Grey, burnished on the visible sides and featuring rolled rim bases and the BMW M logo.

21" Double Spoke 599M.

Light alloy wheels in Bicolour Matte Black, burnished on the visible sides and featuring rolled rim bases and the BMW M logo.

- 1 Black Front Grille, Carbon Wing Mirror Caps, 21" Double Spoke 310M
- 2 21" Double Spoke 599M
- 3 21" Double Spoke 310M
- 4 Alcantara Steering Wheel with Carbon Trim, Carbon Interior Trim

BMW X4.

PERFECTLY AMPLIFIED ATHLETICISM.

- 1 Carbon Rear Spoiler, Exhaust System, Accent Stripes, 21" Double Spoke 599M
- 2 21" Double Spoke 310M
- 3 Alcantara Steering Wheel with carbon trim, Carbon Interior Trim

Carbon Rear Spoiler.

Made from lightweight carbon fibre. Designed to work in harmony with the other M Performance Aerodynamics components to optimize the aerodynamic performance of the vehicle.

Exhaust System.*

Sound quality and volume of the acoustics have been improved in order to further accentuate the hallmark character of the BMW in-line six-cylinder engine.

Black/Silver Accent Stripes.

Positioned immediately beneath the door panel to accentuate the sporty elegance of the vehicle's design.

21" Double Spoke 599M.

Light alloy wheels in Bicolour Matte Black, burnished on the visible sides and featuring rolled rim bases and the BMW M logo.

21" Double Spoke 310M.

Weight-optimized light alloy wheels in Bicolour Orbit Grey, burnished on the visible sides and featuring rolled rim bases and the BMW M logo.

Alcantara Steering Wheel with Carbon Trim.

Sporty design, superb grip: this steering wheel is made with high-quality Alcantara for perfect hold and satisfying feel – in hot or cold temperatures. An individual high point: open-pore carbon trim with BMW M Performance lettering.

Carbon Interior Trim.

A sophisticated combination of lacquered carbon and chrome, with M Performance lettering.

*Customer will be required to sign a waiver at the time of purchase. Check your local laws before use. Ensuring that all noise/sound, and speed/use related laws are followed is the customer's responsibility.

Front Attachment.

Meticulously hand-crafted in 100% carbon, giving the vehicle an even more sporty look. The BMW M Sport package or the BMW M Aerodynamics package, as well as the carbon rear spoiler on the BMW X6 and the roof spoiler on the BMW X5 are required for fitting.

Roof Spoiler.

In high-gloss black, further enhancing the eye-catching look of the vehicle. Its dynamic design makes a bold statement at the vehicle's rear.

Alcantara Steering Wheel with carbon trim.

Sporty design, superb grip: this steering wheel is made with high-quality Alcantara for a perfect hold and satisfying feel – in hot or cold temperatures. An individual high point: open-pore carbon trim with BMW M Performance lettering.

Black Side Skirt Transfers.

Perfectly complementing the vehicle design and underscoring its individual, athletic profile. With BMW M Performance lettering.

21" Double Spoke 310M.

Weight-optimized light alloy wheels in Bicolour Orbit Grey, burnished on the visible sides and featuring rolled rim bases and the BMW M logo.

21" Y Spoke 375.

BMW M Performance light alloy wheels in Bicolour Ferric Grey, burnished on the visible sides and featuring BMW Performance lettering.

21" Double Spoke 599M.

Light alloy wheels in Bicolour Matte Black, burnished on the visible sides and featuring rolled rim bases and the BMW M logo.

Carbon Rear Spoiler.

Made from lightweight carbon fibre. Designed to work in harmony with the other M Performance Aerodynamics components to optimize the aerodynamic performance of the vehicle.

Carbon Rear Diffuser.

Meticulously hand-crafted, weight-optimized and offering the greatest possible stability. Only available in conjunction with the BMW M Sport Package.

Rear Flaps.

Designed to impart a more powerful look. The striking wing profile, in particular, accentuates the sporty character of the vehicle. Available in high-quality carbon (BMW X5) and high-gloss black (BMW X6).

Key Case.

An impressive combination of carbon and Alcantara. The key is securely connected to the case by means of a hexagon socket screw in BMW M Blue. Timeless elegance, technical sophistication – and a small but convincing motorsport statement.

BMW X5 AND BMW X6. EXTRA POWER FOR EXCEPTIONAL ATHLETES.

- 1 Roof Spoiler
- 2 Alcantara Steering Wheel with carbon trim
- 3 Black Front Grille, Carbon Wing Mirror Caps, Front Attachment
- 4 21" Double Spoke 310M
- 5 21" Double Spoke 599M
- 6 Key Case
- 7 Rear Flaps, Carbon Rear Diffuser, Carbon Rear Spoiler, Side Skirt Transfers, 21" Double Spoke 599M

26 BMW M Model Overview

MOTORSPORT STARTS WITH M.

High standards have been in the blueprint of every BMW since the inception of the brand. When BMW Motorsport GmbH was founded in 1972, with an uncompromising focus on racing, a whole new set of forces were unleashed.

The winning streak started with the BMW 3.0 CSL, developed in collaboration with Alpina. With six European championship titles, it was the most successful touring car of the 70s. This was followed by the BMW M1, the first BMW to feature the now legendary M in its name.

From 1980, BMW Motorsport GmbH started to make its mark on Formula 1 with its BMW turbo engines. And, in 1983, the first world title with a turbocharged engine was won by Nelson Piquet in his Brabham BMW.

In touring car racing, meanwhile, it was the BMW M3 that made a name for itself. Indeed, E30 models remain, to this day, the most successful touring cars in the world. Since 2015, the BMW M4 DTM has represented the three colours of BMW M in the German Touring Car Masters.

BMW stands for The Ultimate Driving Experience®. But best of all, it stands for your own individual form of driving experience. Discover a world of diversity at [bmw.ca/next100](https://www.bmw.ca/next100).

1972 BMW Motorsport GmbH is founded. 1973 Hans-Joachim Stuck and Chris Amon take the Touring Car grand prize at the Nürburgring in the BMW 3.0 CSL.

1978 Launch of the BMW M1, the first independent model from BMW Motorsport GmbH.

1984 Volker Strycek secures the first DTM victory for BMW with the BMW 635 CSI.

1989 Roberto Ravaglia becomes Touring Car world champion in the BMW M3.

2004/2005 BMW triumphs at the 24 Hours Nürburgring in two consecutive years with a double victory in the BMW M3 GTR.

2012 Return to the DTM with a series of wins for the legendary BMW M3 DTM. No less than a title hat trick from the start: driver, manufacturer and team.

The BMW M4 DTM in the 2016 DTM season

FOR MASTERFUL PERFORMANCE: BMW M CARBON.

High performance is, naturally, a prerequisite for speed. But to win races, you need perfect control over that performance. And because the engines in BMW M models are so highly developed in terms of performance, control of driving dynamics is the best way to secure those last tenths of a second.

BMW is particularly well versed in the distinct advantages of carbon. This material can be very precisely modeled, it's durable, robust and extremely light. And whether it's used in the carbon ceramic brake system or as the basis for aerodynamics features or other attachments, the long-standing know-how of the BMW brand when it comes to processing and production is a surefire guarantee of a perfect driving experience in racing conditions.

YOUR PLACE IN THE DRIVER STANDINGS.

Whoever takes a seat in a BMW M model instantly feels the sensation of being in pole position. The rush of adrenaline, the tingling in the feet – the signs of The Ultimate Driving Experience® to come.

With an individual choice from BMW M Performance Parts, specially designed to meet the demanding standards set by BMW M models, you can further enhance your sensory experience in terms of look, feel, and acoustics.

Few things in this world can make a BMW M model even better. Which is why the materials and features we offer have all been uncompromisingly tested and scrutinized. That means you can be absolutely sure that all BMW M Performance Parts can withstand the highest dynamic forces that inevitably arise when a driver takes an extremely sporty vehicle to the limits in competition conditions.

FOR ALL WITH M.

All BMW M Performance Parts fit BMW M models perfectly.

1 Black Front Grille.

A striking expression of sporting elegance to give your BMW that extra edge. Made from resilient shock-resistant plastic. A simple way to customize your BMW and complement other M Performance aerodynamic parts.

2 Alcantara Steering Wheel II with Carbon Trim and Race Display.

The steering wheel cover in high-quality Alcantara provides outstanding grip while the race display, featuring the latest OLED technology and a two-colour gearshift display, offers authentic motorsport feel every day. At the touch of a button, you can call up either Race, Sport or EfficientDynamics mode. A stopwatch (with a 1/100-second display in Race mode) and a G meter for lateral and longitudinal acceleration present current motorsport-specific data. It is also possible to store up to 50 lap times and maximum values for speed and lateral/longitudinal acceleration.

Lacquered carbon trim ensures a look of uniquely sporty sophistication. Available without race display.

3 Carbon Mirror Caps.

Meticulously crafted by hand in 100% carbon and with a dynamic, sporty and high-quality design that makes an instantly clear statement: individuality is top priority.

4 Suspension (height-adjustable, can be lowered by up to 20 mm).

A ground-hugging stance means even more striking dynamic presence – and all M Performance exterior parts look even more effective when a vehicle is equipped with the Sport suspension. But it's not just about amazing visual tuning. This set up also ensures better stability, better cornering dynamics and better safety – and The Ultimate Driving Experience®.

5 Pro Shift Knob.

The ultimate motorsport touch for the centre console. With an illuminated shift graphic, a pleasantly grippy feel, side inlays in the BMW M colours and an Alcantara gaiter. An entirely new gear-shifting experience.

6 Key Case.

An impressive combination of carbon and Alcantara. The key is securely connected to the case by means of a hexagon socket screw in BMW M Blue. Timeless elegance, technical sophistication – and a small but convincing motorsport statement.

7 Drive Analyzer.*

An innovative recording and analysis tool, which allows you to capture and evaluate a range of driving dynamics data, such as braking distance measurements and distance race statistics. Results can be displayed and analyzed on your smartphone in the form of videos or graphical representations. Comprised of a smartphone application and an On-Board Diagnostics stick that plugs into your vehicle.

*Does not include smartphone or holder. Available for iOS and Android devices.

8 Pedal Covers/Footrest in Stainless Steel.

With their high-quality stainless steel surfaces and asymmetrical profiles, the footrest and pedal covers give dynamic, high-tech character to the footwell. Their design also prevents feet from slipping.

8 Floor Mats.

For an individually sporty note in the footwell and finished to perfection. With grey design lines and interwoven BMW M Performance lettering.

9 Track Fix for GoPro™ Cameras.

Provides a safe and stable mounting base for a GoPro™ camera, allowing you to take video recordings outside your vehicle. Whether you want to capture the excitement of the racetrack, or simply record your journey, the M Performance Track Fix for GoPro™ ensures professional video quality every time.

BMW M2 COUPÉ.

MAXIMUM EFFECT FOR A COMPACT POWERHOUSE.

Carbon Sill Attachments.

Impressively accentuate the sporty appearance of the vehicle. They also impress with their low weight, exceptional stability and perfectly fitting shape.

Carbon Front Attachment, left/right.

Hand-made, high-quality and aerodynamically adapted to your BMW.

Motorsport Stripes.

The front, rear and side stripes in classic BMW M colours convey motorsport character at the very first look. The quality of the transfers has been climate-tested and their geometry perfectly matches the form of the vehicle.

Carbon Interior Kit.

A combination of carbon and Alcantara provides an exclusive motorsport look and feel. The kit comprises trim for the DCT gear shifter, the centre console and the handbrake handle. A perfect way to enhance the standard equipment.

Exhaust System.*

Sound quality and volume of the acoustics have been improved in order to further accentuate the hallmark character of the BMW in-line six-cylinder engine.

Carbon Rear Diffuser.

100% hand-crafted carbon. 100% motorsport character. 100% exhilaration. The high-tech rear diffuser makes for an even more sporty appearance – and accentuates the vehicle's masculine profile.

Carbon Tailpipe Trim.

This high-quality tailpipe trim, made from resilient carbon fibre, gives the rear profile of your BMW an even more commanding presence. Finished with the BMW M Performance logo. Four Tailpipe Finishers required.

Pro Alcantara Steering Wheel with Carbon Trim.

For unmistakable motorsport feel in the cockpit. With its striking form and pronounced grip area in Alcantara – for optimal use in all temperatures. With motorsport-style detailing in light blue leather.

- 1 Carbon Tailpipe Trim
- 2 Pro Alcantara Steering Wheel with Carbon Trim
- 3 Carbon Side Skirt Attachment
- 4 Carbon Interior Kit
- 5 Carbon Front Attachment, left, Motorsport Stripes

*Customer will be required to sign a waiver at the time of purchase. Check your local laws before use. Ensuring that all noise/sound, and speed/use related laws are followed is the customer's responsibility.

BMW M3.

SELECT YOUR SPORTING PROFILE.

Side Motorsport Stripes.

With the three BMW M colours. The clear reference to motor racing underscores the sporty design of the vehicle and provides even more individual character.

Sidewall Bars.

In high-gloss black and highlighting the bold character of the vehicle's side profile. Sporty and sophisticated.

Carbon Door Handle Trim.

Perfectly rounding off the uniquely sporty BMW M Performance picture inside the car. With high-gloss polish.

Carbon Handbrake Grip with Alcantara Gaiter.

Featuring lacquered carbon and upholstered in high-quality Alcantara. The gaiter is refined with stitching in the BMW M colours. This emphasizes the motorsport feel in the interior and perfectly complements other BMW M Performance products.

Titanium Exhaust System.*

The tailpipe trim in high-quality titanium is an unmistakable visual highlight. Accented with the BMW M Performance logo, imparting a look that leaves nothing to be desired. Four Tailpipe Finishers required.

- 1 Side Motorsport Stripes, Sidewall Bars, Titanium Exhaust System, Carbon Mirror Caps
- 2 Titanium Exhaust System
- 3 Carbon Shift Knob Trim, Carbon Handbrake Grip with Alcantara Gaiter, Alcantara Steering Wheel II with Carbon Trim.

BMW M4.

STAR PERFORMANCE – COUPÉ AND CABRIOLET.

Carbon Rear Diffuser.

100% hand-crafted carbon. 100% motorsport character. 100% exhilaration. The high-tech rear diffuser makes for an even more sporty appearance – and accentuates the vehicle's masculine profile.

Carbon Handbrake Grip with Alcantara Gaiter.

Featuring lacquered carbon and upholstered in high-quality Alcantara. The gaiter is refined with stitching in the BMW M colours. This emphasizes the motorsport feel in the interior and perfectly complements other BMW M Performance products.

Alcantara Armrest.

Completes the exclusive motorsport look in the cockpit. In a premium material mix of Alcantara and high-gloss carbon. Adjustable for length and with eye-catching stitching in the BMW M colours.

Carbon Rear Spoiler.

Made from lightweight carbon fibre. Designed to work in harmony with the other M Performance Aerodynamics components to optimize the aerodynamic performance of the vehicle. Only available for Coupé models.

Side Motorsport Stripes.

With the three BMW M colours. The clear reference to motor racing underscores the sporty design of the vehicle and ensures even more individual character.

Side Skirts.

In matte black or body colour, these significantly reinforce the sporty character of the vehicle. Along with other BMW M Performance aerodynamics components, they also optimize the aerodynamic values.

Sidewall Bars.

In high-gloss black and highlighting the bold character of the vehicle's side profile. Sporty and sophisticated.

Carbon Front Attachment, left/right.*

In uncompromising hand-made quality and aerodynamically adapted to your BMW.

- 1 Carbon Rear Diffuser
- 2 Carbon Handbrake Grip with Alcantara Gaiter, Alcantara Armrest, Shift Knob Trim
- 3 Carbon Rear Spoiler
- 4 Side Motorsport Stripes, Side Skirts, High-gloss Black Sidewall Bars, Carbon Front Attachment, Black Front Grille

* Optional finishing strip available in carbon or PU, primed and paintable in body colour.

BMW M4 COUPÉ.

UPSCALE THE EXCLUSIVITY.

Side Skirt Transfers.

The high-quality transfers, in black and with BMW M Performance lettering and the three-colour BMW M logo, further enhance the dynamic character of the BMW M Performance side skirts. They also make the profile appear even more individual.

Carbon Rear Spoiler (flow-through).

A distinctive motorsport touch for the rear of the vehicle. Thanks to optimized aerodynamics, it also noticeably enhances sporty handling. Dynamism in its most individual form.

Carbon Front Attachment, left/right.*

In uncompromising hand-made quality and aerodynamically adapted to your BMW.

Pro Steering Wheel in Alcantara with Carbon Trim.

For unmistakable racing feel in the cockpit. This inspires with its striking form and pronounced grip area in Alcantara – for optimal use in all temperatures. With motorsport-style detailing in light blue leather.

* Optional finishing strip available in carbon or PU, primed and paintable in body colour.

- 1 Side Skirt Transfers, Side Motorsport Stripes
- 2 Carbon Rear Spoiler (through-flow)
- 3 Carbon Front Attachment, Front Grille
- 4 Carbon Rear Spoiler (through-flow), Side Skirt Transfers

Carbon Rear Spoiler.

Made from lightweight carbon fibre. Designed to work in harmony with the other M Performance Aerodynamics components to optimize the aerodynamic performance of the vehicle.

Carbon Rear Diffuser.

100% hand-crafted carbon. 100% motorsport character. 100% exhilaration. The high-tech rear diffuser makes for an even more sporty appearance – and accentuates the vehicle's masculine profile.

Side Skirt Transfers.

The high-quality transfers, in black and with BMW M Performance lettering and the BMW M logo, further enhance the dynamic character of the side skirts. They also make the profile look even more individual.

Front and Rear Stripes.

In the classic BMW M colours, for uncompromising motorsport character at the very first look. The quality of the transfers has been climate-tested and their geometry perfectly matches the form of the vehicle.

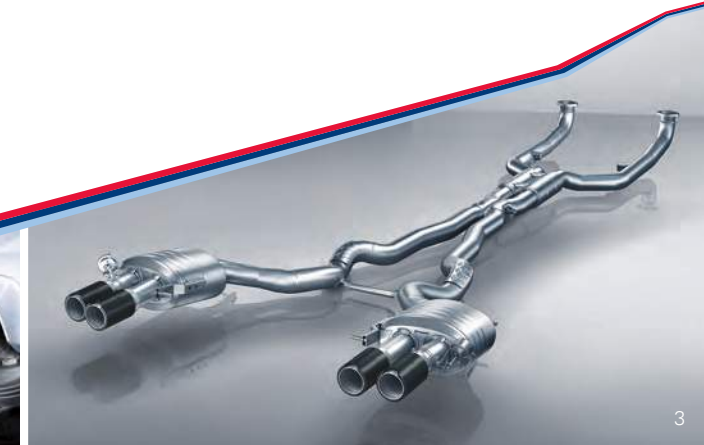

Exhaust System.*

Sound quality and volume of the acoustics have been improved in order to further accentuate the hallmark character of the BMW in-line six-cylinder engine.

Carbon or Titanium Tailpipe Trim.

A bold and assertive extra touch for the rear profile. With BMW M logo.
